

**Congratulations to St-Joseph's Healthcare..
They were activated on August 23 !!**

IMPORTANT INFORMATION

Sample 1

It is extremely important to collect sample 1. It will be used to measure baseline vitamin C level, which is crucial for one of the subgroup analyses.

Forms A and B

Send your Follow-up Forms A and B at the same time as you send the Screening Log, before the 10th of each month.

Send the Screening Log to: marie-helene.masse3@usherbrooke.ca and Forms A and B to: marie-eve.thibault.ciussse-chus@ssss.gouv.qc.ca

Data Format for Samples

Use the format jj-**MMM**-yyyy for the date on the labels of the samples.

Data Monitoring

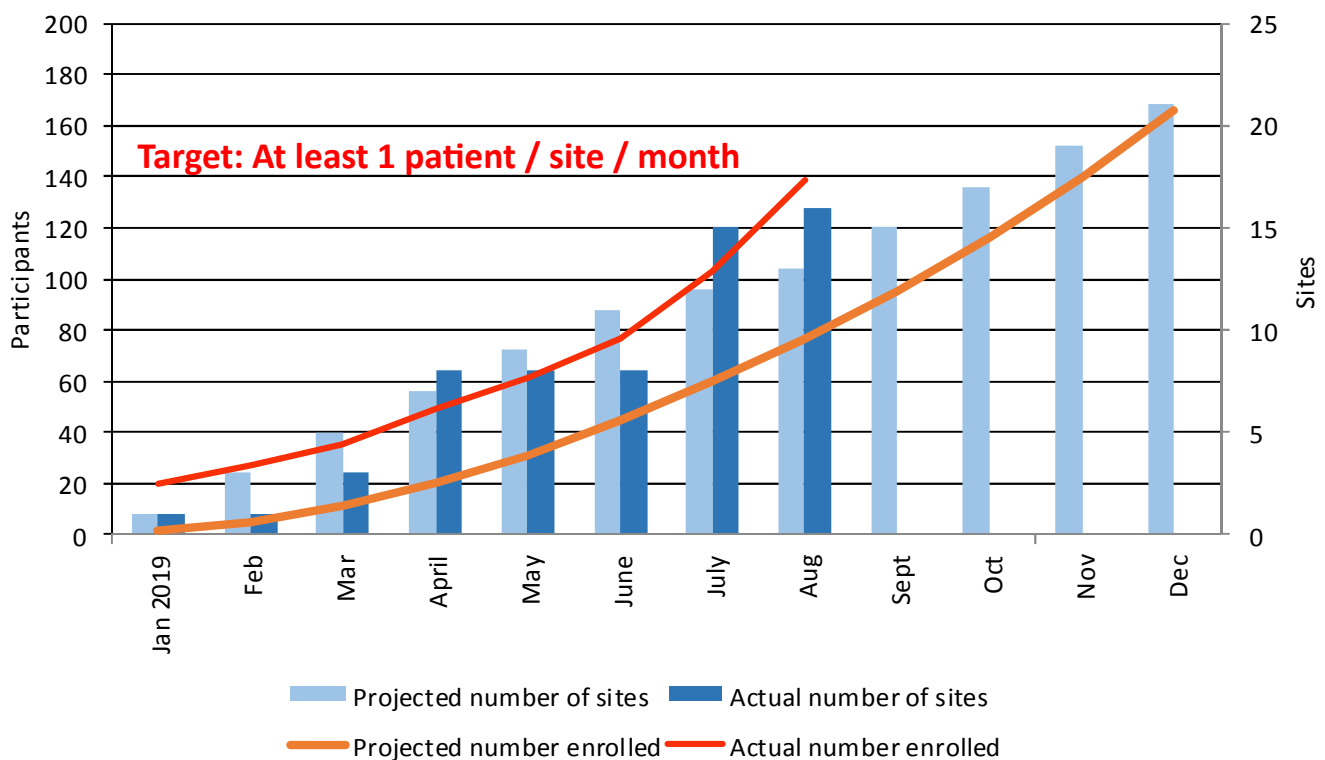

Data monitoring will begin in the coming weeks. It will be done with DFSend (a secure file transfer tool already available in iDataFax which will allow us to review charts remotely). Data of 2 of the first 5 participants will be monitored and 10% of the subsequent participants. Each site will receive an email with further details.

August has been our best month for recruitment since the beginning of the study !!

36 patients have been enrolled !!
CONGRATULATIONS and THANKS !!!

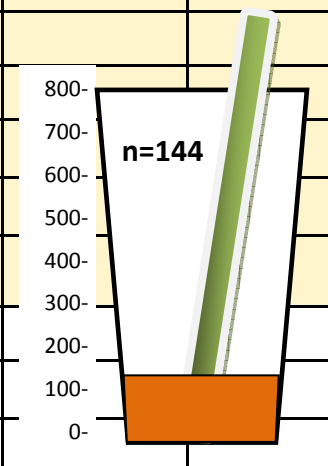

Recruitment

Our TOP 3 Recruiter Sites for August 2019

- ① CIUSSS de l'Estrie - CHUS: 11
- ② CIUSSS Chaudière - Appalaches: 6
- ③ Ottawa General: 5
